

**University of Oxford**

**University Lecturership in Engineering Science (Solid or Structural  
Mechanics)**

**in association with a Tutorial Fellowship at Pembroke College**

Applications are invited for the above post, tenable from 1<sup>st</sup> September 2008. Applicants' research interests may be in any area of solid mechanics or structural mechanics in the context of civil or mechanical engineering – though they might strengthen existing activities, for example in structural dynamics, high strain-rate mechanics, deployable structures or nanomechanics.

The Lecturership is associated with a Tutorial Fellowship at Pembroke College. The combined University and College salary will be on a scale £39159 to £52628 per annum, plus other benefits.

Application procedures, and the duties and benefits of the post are at [www.eng.ox.ac.uk](http://www.eng.ox.ac.uk), where links to other information about the Department of Engineering Science and the College will also be found.

Applications should be sent to Professor R C Darton, FEng, Head of Department, Department of Engineering Science, University of Oxford, Parks Road, Oxford OX1 3PJ (fax 01865 283310, email [head@eng.ox.ac.uk](mailto:head@eng.ox.ac.uk)) including a plan for proposed research and the names and addresses of three referees, to arrive no later than **Friday 14<sup>th</sup> March 2008**.

Please quote Ref. No. DF/08/002 in all correspondence.

The University of Oxford and Pembroke College are Equal Opportunities Employers.
