

Exploring and Enlightening the Future Technology in Aerospace & Aeronautical Engineering

The core aim of Aero-2020 conference is to provide an opportunity for the delegates to meet, interact and exchange new ideas in the various fields of Aerospace, Aeronautics and Mechanics. This is the best opportunity to reach the largest Conglomeration of participants from the universities, colleges, research centers, societies, institutions, labs, associations, communities and companies etc. We want to make a worldwide meet in which data between researchers from the different controls can be effectively traded.

We are looking forward to meet you at Aero-2020 in Miami, USA

Speaker Benefits:

- Accepted abstracts will be published in the Conference Proceedings Book
- Chance of B2B meetings and interactive sessions with experts
- Opportunity to organize Workshop/Symposium
- Certificate of Appreciation for his/her attendance
- Promote your organization/company profile

Chair Person Presentation on

"Future Smart Cyberspace & Cyber Security Challenges for Third Millennium"

Eduard Babulak

Liberty University, USA
