

8th International Congress of Croatian Society of Mechanics

First Call for Papers

Opatija, Croatia
29 September -2 October, 2015

Congress Co-chairmen:

Ivica Kožar
Nenad Bićanić
Gordan Jelenić
Marko Čanađija

About the Congress

International Congress of the Croatian Society of Mechanics is triennial meeting established for the mutual exchange of scientific and technical information from the domain of mechanics not only with a focus to the Central Europe but also beyond this region.

Prospective authors are invited to submit high quality, novel research papers or practical reports addressing contemporary issues, emerging problems and other topics in mechanics. Fluid, solid and structural mechanics contributions are the most welcome.

Official language of the congress is English.

Pre-congress school of mechanics (optional)

Before the Congress, one-day school on multiscale methods will be held.

Please see web site www.8iccs.com for details.

Submission Instructions

One page abstracts and full length papers have to be submitted via the congress web pages not later than indicated on this flyer. Guidelines and templates will be found on the congress webpage.

All accepted papers will be published in the congress proceedings.

Scientific Committee

Giulio Alfano, Brunel University
Ivo Alfirević, University of Zagreb
Ferri M.H. Aliabadi, Imperial College, London
Satya N. Atluri, University of California, Irvine
Klaus-Jürgen Bathe, Massachusetts Institute of Technology
Zdeněk P. Bažant, Northwestern University
Nenad Bičanić, University of Rijeka
Josip Brnić, University of Rijeka
Samir Dolarević, University of Sarajevo
Josef Eberhardsteiner, Vienna University of Technology
António J. M. Ferreira, University of Porto
Ugo Galvanetto, University of Padua
Marc Geers, Technische Universiteit Eindhoven
Jean-Michel Ghidaglia, Ecole Normale Supérieure de Cachan
Friedrich Gruttmann, Technical University Darmstadt
Hu Haiyan, Beijing Institute of Technology
Gerhard A. Holzapfel, Graz University of Technology
Adnan Ibrahimbegović, UT Compiègne/ Sorbonne Universities
Alojz Ivanković, University College Dublin
Stjepan Jecić, University of Zagreb
Miloš Kojić, Harvard School of Public Health
Jože Korelc, University of Ljubljana
Dražan Kozak, University of Osijek
Wilfried B. Krätzig, Ruhr-Universität Bochum
Lovre Krstulović-Opara, University of Split
Lars-Erik Lindgren, Luleå University of Technology
Tomasz Łodygowski, Poznan University of Technology
Vlado Lubarda, University of California, San Diego
Herbert A. Mang, Vienna University of Technology
Pavao Marović, University of Split
Franjo Matejiček, University of Osijek
Hermann G. Matthies, Technical University Braunschweig
Jörn Mosler, Technical University Dortmund
Justin Murin, Slovak Technical University

Alfonso Nappi, University of Trieste
Bojan Ničeno, Paul Scherrer Institute, Villigen
Roger J. Owen, Swansea University
Joško Ožbolt, University of Stuttgart
Anna Pandolfi, Politecnico di Milano
Đorđe Perić, Swansea University
Pavel Polach, Research and Testing Institute Plzeň
Ekkehard Ramm, University of Stuttgart
Franz G. Rammerstorfer, Vienna University of Technology
Zoran Ren, University of Maribor
Carlo Sansour, University of Nottingham
Ivo Senjanović, University of Zagreb
Vladimir Sigmund, University of Osijek
Jan Sladek, Slovak Academy of Sciences
Jurica Sorić, University of Zagreb
Laurent Stainier, Ecole Centrale de Nantes
Leopold Škerget, University of Maribor
Boris Štok, University of Ljubljana
Zdenko Tonković, University of Zagreb
Rade Vignjević, Cranfield University
Zdravko Virag, University of Zagreb
Werner Wagner, Karlsruhe Institute of Technology
Peter Wriggers, Leibniz University of Hannover
Wolfhard Zuhlten, University of Wuppertal

Organising committee

Mirjana Bošnjak-Klečina, University of Osijek
Marino Brčić, University of Rijeka
Igor Karšaj, University of Zagreb
Pavao Marović, University of Split
Pejo Konjatić, University of Osijek
Zdenko Tonković, University of Zagreb
Neira Torić Malić, University of Rijeka

Under the Auspices of
Central European Association
for Computational Mechanics

The Venue

Opatija is a small town located at the northern edge of Mediterranean, known for well-tended parks and promenades. Tourism in Opatija, mainly as winter and climatic health resort, started back in 1844, quickly gaining the reputation of the „Austrian Nice“. Today, Opatija is a leading summer touristic resort on the Northern Adriatic. It is also a congress centre, with a congress history back to 1885. Opatija is situated near Rijeka, the regional centre, and is easily accessible by car, bus or train. Bigger nearby airports are located in Zagreb and Ljubljana. For these two airports, shuttle services can be arranged via congress web page.

Congress venue is Grand Hotel 4 opatijska cvijeta. Restaurants, entertainment, parks and shops are conveniently located within walking distance. Staying in this hotel is optional, but we highly recommend it, as it will save you time and offer good opportunities to socialize with other participants. More economical accommodation can be found at the Congress web site.

Congressional Service

Tourist agency Da Riva
Maršala Tita 170, 51410 Opatija, Croatia
