IEEE International Workshop on
Metrology for Aerospace
Benevento, Italy, May 29–30, 2014

About the workshop
MetroAeroSpace aims to gather people who work in developing instrumentation and measurement methods for aerospace. Attention is paid but not limited to, new technology for metrology-assisted production in aerospace industry, aircraft component measurement, sensors and associated signal conditioning for aerospace, calibration methods for electronic test and measurement for aerospace.

Workshop topics
- Electronic instrumentation for aerospace
- Automatic test equipment for aerospace
- Sensors and sensor systems for aerospace applications
- Wireless sensor networks in aerospace
- Attitude- and heading-reference systems
- Monitoring systems in aerospace
- Metrology for navigation and precise positioning

Paper submission
Paper submission will be handled electronically, through the submission page set up on the conference web page: www.metroaerospace.org
The best contributions will be awarded, including the Best Student Paper Award and the Best Paper authored and presented by a woman.
Special sessions will be organized on specific topics, see online at:
www.metroaerospace.org/index.php/program/special-sessions

Important dates
March 9, 2014 – Abstract submission deadline
April 12, 2014 – Acceptance / Rejection notification
May 10, 2014 – Submission of final manuscript, and Registration
