Welcome Message

On behalf of the Organizing and Program Committee., we take great pleasure in welcoming all the participants over the world to attend **International Conference and Expo on Urban And Civil Engineering** which will be held during **June 15-16, 2020 at Montreal, Canada**. Civil- Engineering-2020 aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Urban and Civil Engineering. It promotes top level research and to globalize the quality research in general, thus making discussions, presentations more globally competitive and focusing attention on the recent outstanding achievements in the field of Urban And Civil Engineering, and future trends and needs.

Urban and Civil Engineering both work in fields related to the planning and construction of buildings, roads and other facilities. While civil engineers focus on the projects themselves, urban engineers emphasize how the projects will fit in the local planning climate.

We're looking forward to an excellent meeting with great scientists from different countries around the world and sharing new and exciting results in Urban And Civil Engineering, which will be held In Montreal, Canada, from June 15-16, 2020.

Sessions

- * Civil engineering and architecture
- * Structural and Construction Engineering
- * Reinforced Concrete Structure
- * Earthquake Engineering
- * Environmental Engineering
- * Automation in Construction
- * Civil Engineering
- * Material Science and Engineering
- * Tunnel Engineering and Construction
- * Structural Analysis and Designing
- * Building Technology
- * Concrete Technology
- * Automated Highway Systems
- * Nanotechnology in Construction Engineering
- * Water Resource Engineering
- * Modular Constructions
- * Designing of Special Structure
- * Building Materials and Infrastructure
- * Sustainable Energy and the City
- * Transportation
- * Seismic Risk mitigation
- * General Scope of Urban Regeneration
- * Construction Management
- * Waste Management
- * Soil Mechanics
- * Global Ecology

Organizing Committee Members

Pacheco Torgal
University of Minho
Portuguese

Gordon Huang
University of Regina
Canada

Ahmed S. Attia
Jordan University of Science & Technology
Jordan

Janendranath Mandal
Indian Institute of Technology
India

Andre Skaff
University of Ottawa
Canada

Shaohong Cheng
University of Windsor
Canada

Ali Kaveh
Iran University of Science and
Technology, Iran

Xiaolin Wang
University of Tasmania

Alessandro De Masi
Milan Polytechnic
Italy

Sponsors and Exhibitors Information

Outlook Conferences Meetings are one of the leading international conferences around the globe. Game-changing developments, such as the deployment of new domain extensions, and the emergence of disruptive and creative business models are enabled by decisions taken at this platform and it's not just for techies! Representatives from the global business community, governments, industry insiders, and many other contributors whose work affects the Federation of the global Internet will attend. We encourage you to take advantage of this unique opportunity to participate as a sponsor. Choose a package that meets your particular marketing objectives, or talk with our staff about creating a marketing program that is uniquely yours.

Adding value to the Outlook Conferences experience while integrating your brand's products will not only showcase the authenticity of the brand, but will result in great, objective 3rd party recognition that will move the influencer needle. This is more than a marketing play. It's about creating experiences that will resonate long after your brand strikes its activations.

When your brand purchases a Sponsorship package, it is committing itself to delivering experiential relevance and value to thousands of industry influencers including press, creative's and their millions of collective followers, who have come to expect nothing less from Outlook Conferences and its partners. Through activations, product integration, social media and logo placement, your brand has the tools to educate, entertain and engage a captive audience on what it is doing to make a difference in the global Scientific Community. So put your best foot forward. Visualize this partnership through the eyes of our attendees...!!!

About Montreal, Canada

A striking union of European charm and North American attitude, Montréal seduces visitors with a harmonious pairing of the historic and the new, from exquisite architecture to fine dining.

Because of its position in the St. Lawrence River, the island of Montréal was originally a diplomatic trading area for regional First Nations: the Atikamekw to the north, the Anishinaabe (Algonquin) to the west and the Kanien'kehá:ka (Mohawk), part of the Haudenosaunee (Iroquois) Confederacy, to the south. This strategic location and fertile soil made Montréal desirable, as archaeological evidence makes clear.

Today, 120 distinct ethnic communities are represented in its population of more than 3.6 million, making Montréal a veritable mosaic of cultures and traditions. The world's second largest francophone city after Paris, it merits the moniker 'international' city, a cosmopolitan centre with proud roots in the past that enthusiastically embraces the future. Montréal was named a UNESCO City of Design.

Day and night, Montréal pulses with activity. Each season, it is host to an array of events, exhibitions and gatherings for the thousands of culture, nature and thrill seekers who come here to enjoy its diverse offerings. While Montréal's masterful chefs continue to elevate its reputation as a gourmet destination, creative artists and artisans draw admirers in droves to the haute couture ateliers, arts galleries and charming boutiques that line the city streets.

Montrealers are naturally charming and quite often multilingual. Their spontaneity and ability to welcome visitors have propelled Montréal to its current position of international host city, where some of the world's most exciting events are held annually. When one considers the urban landscape and its inhabitants, this resulting passion seems only natural.

Nearest Airports:

- * **Montréal-Pierre Elliott Trudeau International Airport (YUL / CYUL) - 19 km from Montreal, Canada.**
- * **Montréal/Saint-Hubert Airport (YHU / CYHU) - 19 km from Montreal, Canada.**

Nearest Railway Stations:

- * **The Montreal Central Station (Gare centrale de Montréal)**
- * **Dorval Station**

Nearest Bus Stations:

- * **Dorval Station**
- * **Montreal Bus Terminal**

Attractions of Montreal, Canada:

- | | |
|---|--|
